

Fortify

Soybean Seed Treatment

Maximize Genetic Yield Potential

Fortify maximizes genetic yield potential of every soybean seedling in all conditions for faster, stronger, more uniform emergence.

RECOMMENDED CROPS

Soybeans

FEATURES & BENEFITS

- New mode of action with unmatched Pythium and Phytophthora protection in soybeans
- Early season protection of all common, seed-borne, and soil-borne diseases
- Powerful above and below ground insect control
- Establish early stand and uniformity for planting in cool wet soil or later in warmer conditions
- Improves translocation of nutrients within the plant for early development, both above and below ground
- Exceptional flowability and handling

DIRECTIONS FOR USE

Use Rate:

- 4.18 fl oz/cwt or 1.95 fl oz/140,000 seeds
- Treats 984 units per 15-gallon drum

Other Considerations:

- Always read and follow label instructions. Some products may not be registered for sale or use in all states or counties, please check with your local extension service to ensure registration status.
- Fortify Soybean Seed Treatment is powered by CruiserMaxx® APX. See CruiserMaxx APX Seed Treatment label and SDS for reference.

Package Options:

- 15-gallon drum
